BI-CENTENNIAL CELEBRATION

The Bi-centennial celebration last August is a pleasant memory in the Town's history. The generous assistance of our townspeople and the help of the people of the near-by towns and friends from many other places combined to make it a grand and worthwhile occasion.

The entire committee worked hard and harmoniously and feels well repaid in the approbation of all who attended. The revival of "The Old Homestead" was a huge undertaking but the response was generous and the financial results helped us to show a surplus instead of a deficit.

The Treasurer's report is here presented. All the souvenirs and badges were turned over to the old-home day committee for next year and the balance in the treasury, after donating $100.00 to the Swanzey District Nurse Association, was also turned over to the same committee.

Souvenirs or badges can be purchased from the Committee at any time as long as they last, the funds to be used for future old-home days.

Two reels of moving picture films of the Bi-centennial parade have been made, and are to be held by the town as a permanent souvenir.

Concord, N. H., December 28, 1933.

Dr. A. W. Hopkins,
West Swanzey, N. H.
Dear Dr. Hopkins:

Enclosed is a report of the activities carried on by the division of Maternity, Infancy and Child Hygiene, of the State Board of Health, during the year of 1933 for Swanzey.

In addition to the routine work of the Division, a two day child's health conference was held in Swanzey for children of pre-school age. At this conference 119 children were weighed and measured and given a complete physical examination by the local physician; of those examined, 97 were found to have defects and 22 were found to have no defects. Also eight diphtheria clinics were held in Swanzey: 107 children of pre-school age and 106 school children were given the treatment for the prevention of diphtheria. The parents consent being given in each case.

The purpose of these clinics is for the prevention of illness and the iradication of diphtheria in New Hampshire.

Yours truly,
ELIZABETH CARRIEL, R. N.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Swanzey:

I have the honor to submit, herewith, my ninth annual report.

BUILDINGS AND GROUNDS: Only the most necessary minor repairs were made to the school property during the year. New curtains were installed in one room at the Cutler School and the building at East Swanzey was painted.

Additional lands for playground purposes are needed at Westport and at East Swanzey. Articles 8 and 9 are included in the school warrant so that the voters may have an opportunity to provide for the children of these schools sufficient space for free play and recreational life. At the Factory, radical overhauling of the heating plant is absolutely necessary.

Grading of the school lawns at the Factory, Center, and Westport schools is very much needed. The Board hopes to get C. W. A. money to assist in this problem.

TEACHERS AND PUPILS: Only one change in the teaching staff is to be recorded. Miss Anne Tankard, who taught in the lower room at East Swanzey for two years, resigned to accept a more lucrative position at North Woodstock. Miss Gladys MacNabb of Cambridge, Massachusetts, a graduate of Plymouth Normal (1930) was selected to fill this vacancy. I believe the schools have maintained their usual high standards despite the reduction in the cost. I believe the Board has pruned the budget at every point where savings could be made without endangering the essential services of the schools.

The budget that is presented for your consideration requires an assessment of over $1,800 less than last year. A large part of this decrease is due to reduction in the cost of high school tuitions. The number of tuition pupils at Keene this year is 81 and at Winchester 4, at least 8 less than was anticipated. Then, the tuition rate at Keene has dropped from $86.76 to $73.48 or $13.28 per pupil, while at Winchester, the rate has dropped from $75.00 to $59.45 or $15.65 per pupil. On this basis, an appropriation of $6,500 is needed for high school tuitions but the Board has on hand about $1,000 more than was needed this year for that purpose so only $5,500 is recommended for this year.

Beginning last February the teachers have been voluntarily contributing 10% of their salary for relief work and will continue to do so for the rest of this year. Last year, this contribution amounted to $527.42. This year, it will be over $1,100.

Last year, I made a comparison of school costs in Swanzey with the median cost for the State. In 1931-32, the per capita cost in Swanzey was $59.54. In 1932-33, it was $54.33, a reduction of $5.21 per pupils. For 1932-33, the median cost in New Hampshire was $75.89. Hence, the per capita cost in Swanzey is $21.56 less than the state median. These figures show that the cost of education in Swanzey is very low indeed.

I wish to express my very deep appreciation to the School Board, teachers, and citizens of Swanzey for their loyalty and cooperation in the task of providing full educational opportunity for Swanzey's children during this very critical period.

Respectfully submitted,
WESLEY H. DOUGLASS,
Superintendent of Schools.

Winchester, N. H.,
February 12, 1934.

THE PRESIDENT'S CHALLENGE

This crisis can be met, but not in a day or a year, and education is a vital factor in the meeting of it.

—FRANKLIN D. ROOSEVELT.

* * * *

The most important question requiring an answer today at the hands of the American people is: What are we going to do about our public schools? Shall we maintain them on such a basis as will give our children an education in those essentials absolutely necessary to equip them as individuals and as citizens to lead such lives as men and women must be equipped to lead in a self-governing republic of free men, or are we going to let them slip back into an era of unenlightenment, bigotry, and ignorance?

—HAROLD L. ICKES, Secretary of Interior.

* * * *

Ever since I was a child I have been meeting public problems . . . to come finally to the conclusion always that education furnishes the only solution. . . . All the problems that arise—problems requiring either a new approach to an old evil, or a new remedy for an evil that has taken a new form in the changing kaleidoscope of social development—all these have only one answer. That answer is education.

—NEWTON D. BAKER, Journal of Adult Education, June, 1931.

* * * *

We have commended the government for its program of public works and we have shown that, if such federal participation is warranted for roads, dams, and waterworks, it is equally justified for schools. We know that education is mostly labor and public service. We know that it is self-liquidating. . . . By the true interpretation of the traditions of the past, by the needs of normal times, by the urgency of the depression we conclude that substantial support of our public schools . . . should at once become a part of the program for recovery.

—WILLIAM F. RUSSELL.
